Jerry Ellig is a senior research fellow at the Mercatus Center at George Mason University. His primary research interests include the federal regulatory process, economic regulation, and telecommunications regulation.

[Raymond Gifford](#)

- Partner at the law firm of Wilkinson Barker Knauer, LLP

Raymond L. Gifford counsels communications, electric and gas utilities and information technology companies on state and federal aspects of regulation, administrative law, and competition policy. He is an expert in public utilities law as it relates to telecommunications and energy...

[Eli Dourado](#)

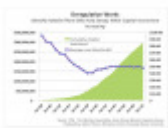

- Research Fellow

Eli Dourado is a research fellow at the Mercatus Center at George Mason University with the Technology Policy Program.

Charts

[Deregulation Works: Monthly Mobile Phone Bills Hold Steady While Capital Investment Increasing](#)

[Adam Thierer](#) | Dec 15, 2010

The data presented in this chart suggest that calls for more aggressive regulation of the wireless sector are unwarranted and would likely have a deleterious impact on consumer welfare.

Experts

[Jerry Brito](#)

Jerry Brito is a senior research fellow at the Mercatus Center and directs the Technology Policy Program. His primary research interests are technology and telecommunications policy, government transparency and accountability, and the regulatory process.

Books

[The Case for Internet Optimism, Part 2](#)

[Adam Thierer](#) | Jan 31, 2011

A response to fans of the Internet who fear that dark days lie ahead unless steps are taken to "save the Net" from a variety of ills, especially the perceived end of "openness."
